

# CORMAC LEVINS

Dublin, Ireland · cormaclevins@outlook.ie · 086 209 8913 · <https://www.cormaclevins.com/>

## EXPERIENCE

---

### **VSMedia**

*JavaScript Developer*

Vancouver, BC  
Jun 2023 - Nov 2023

- Supported millions of users across 15 domains by developing and maintaining critical JavaScript codebase and shared libraries for core functionalities in live video and chat interactions.
- Collaborated with UI/UX teams to innovate and implement advanced chatroom features using JavaScript and WebSockets within VSMedia's MVC framework. Enabled seamless user navigation via voice commands while ensuring continuous interaction with chat functionalities.
- Designed and implemented a streamlined ClickUp workflow, enhancing ticket-tracking efficiency for project managers and developers. Significantly reduced delays in ticket management and improved overall team productivity.

### **Axonista**

*Front End Developer*

Dublin, Ireland  
Aug 2020 - Apr 2023

- Axonista is a global provider of SaaS products that power video commerce for global brands such as Qurate Retail Group, Waterbear, and Virgin Media.
- One high-profile achievement included the successful launch of the WaterBear platform which spanned 194 countries worldwide.
- Played an indispensable role in the successful launch of the QVC/HSN transactional app on Xfinity Comcast set-top box devices, and subsequently developed the full transactional features that enabled users to purchase products on the platform.
- Successfully completed projects through Jira and Slack while working in a fully remote agile environment and collaborated with teams worldwide.

### **Inkerman Technologies**

*Junior Front End Developer*

Drogheda, Ireland  
Jan 2019 - Sep 2019

- Inkerman Technologies provides a wide range of technology solutions to small to medium businesses. Their services span from simple website creation to complete Content Management Systems and e-commerce solutions.
- My role included Editing and Maintaining pre-existing PHP, MySQL, and React web platforms. In addition, I was tasked with developing and testing new UI features.
- The success of each project cycle relied on effective communication and collaboration with clients from requirement gathering to production release.

## EDUCATION

---

### **Dundalk Institute of Technology**

Dundalk, Co Louth

Degree in I graduated with a Bachelor of Science (BSc) in Computing from Dundalk Institute of Technology in 2020, achieving a First Class Honours (1.1).
