WORK EXPERIENCE

Axonista

Web Developer

Aug. 2020 – Mar 2023

Dublin, Ireland

- Axonista is a global provider of tools that power video commerce for global brands such as Qurate Retail Group, Waterbear, and Virgin Media.
- One high-profile achievement included the successful launch of the [WaterBear](#) platform which spanned 194 countries worldwide.
- Played an indispensable role in the successful launch of the [QVC/HSN transactional](#) app on Xfinity Comcast set-top box devices, and subsequently developed the full transactional features that enabled users to purchase products on their TV.
- Successfully completed projects working in a fully remote agile environment and collaborated with teams all across the world.

Inkerman Technologies

Web Developer

Jan. 2019 - Aug. 2019

Louth, Ireland

- Inkerman Technologies provides a wide range of technology solutions to small to medium businesses. Their services span from simple website creation to complete Content Management Systems and eCommerce solutions.
- My role included Editing and Maintaining pre-existing PHP, MySQL, and React web platforms.
- In addition to developing new PHP and MySQL CMS and Scheduling systems.
- The success of each project cycle relied on effective communication and collaboration with clients from requirement gathering to production release.

EDUCATION

Dundalk Institute of Technology

BSc. (Hons) in Computer Science

2016 - 2020

Dundalk, Ireland

Graduated in 2020 with a First Class Honours (1.1) bachelor's degree in Computer Science. As part of this course, I studied a wide variety of topics relating to Computer Science including web development, OOP, AI, and database technologies.
